Elsevier.com visitor survey. We are always looking for ways to improve customer experience on Elsevier.com. We would like to ask you for a moment of your time to fill in a short questionnaire, at the end of your visit. If you decide to participate, a new browser tab will open so you can complete the survey after you have completed your visit to this website.

26. Pathology Questions

A previously healthy 55 year-old female sustains 3rd degree burns on her arms and chest after getting trapped in a house fire. She was taken to the hospital for care and over the next couple of days she develops dark brown focal areas of discoloration and necrosis. At this time she does not have any signs that the presumed infection has disseminated. Which method(s) are accepted methods to ...
